

READING IS A GREAT WAY TO HELP YOUR CHILD LEARN NEW WORDS AND IDEAS.

You can read the same book again and again - children like to hear familiar stories!

Here are some questions and games to help your child think about this book. Enjoy!

1, 2, 3 Splosh!

For children aged 2 - 4

Page 1-2

Point to the duck.

Page 3- 4

Can you find the steps?

Page 7- 8

Activities to try at home

Messy Play

Choose items with different, unusual textures from around the house to play with e.g. shaving foam, cereal, ice in a water tray, paint pots. Talk about how they look, smell, feel etc.

Numbers

Numbers are all around us, from calendars, TV remotes and car licence plates. Try pointing out numbers when you're out and about - on front doors, signs, the front of buses and train platforms!
