Please read important information on next page

******* IMPORTANT INFORMATION *******

- **Attendance at all sessions is compulsory.** Please discuss with your tutor or the course organiser if you know you not be able to attend a session. Where possible please let the course tutor know before the session if you will not be attending. Portfolio work still needs to be completed.
- Please ensure appropriate cover is found for the staff who will be attending (where appropriate).
- 75% of each session will involve active learning. There will be some basic theory to ensure a sound basis upon which you can develop your practical skills during the course and beyond. Active learning involves group work and discussion.
- **Each participant is required to complete an e-portfolio at either Level 2 or Level 3.** This provides an opportunity for reflection and encouragement to adapt and implement the principles discussed within your own working environment.
- The course is externally verified and participants receive an accredited level 2 or 3 qualification which is on the Qualifications and Curriculum Framework (QCF).
- **It is important that the participant is given time to complete their portfolio activities. It is recommended that this is discussed and organised with the participant before they attend the course.**
